

AQUAVISTA® 500

THE FRAMED WALL MOUNTED AQUARIUM

We Add Life to Art™

AQUAVISTA 500 GALLERY

AQUAVISTA 500 WALL MOUNTED AQUARIUM IS LIVING ART

WHAT IS AQUAVISTA 500?

The Aquavista 500 is a patented, self-contained wall mounted aquarium that hangs like framed art. The Aquavista 500 adds life to art with its unique design, turning any wall into a work of art. Our patented design and technology revolutionizes the aquarium concept to better suit today's hectic lifestyles and sophisticated tastes that transforms any wall into a dynamic and creative living piece of art.

A UNIQUE DECORATION

The Aquavista 500 is a one of a kind conversation piece, and its patented design allows it to be customized or personalized to suit any mood or décor. Aquavista offers a variety of accessories, including vivid 3D backgrounds and selection of contemporary and wood picture frames that are easily interchangeable.

A COMPLETE AQUARIUM

The Aquavista 500 is a complete aquarium but you do not need to know much about fish to own it. The unit comes pre-assembled with proprietary wet-dry filtration, air pump, overhead lighting, heating system, and a programmable LCD display control panel simplifies control. Just remember to feed the fish and perform the simple maintenance

LOW MAINTENANCE

The Aquavista 500 is low maintenance and easy to set up, so it adds life to your décor, instead of complexity. Maintenance takes less than 15 minutes per month and set up is easy with the custom steel mounting bracket included. The product even comes with all key accessories, so all you need to do is hang, add water and add fish to create your own living painting.

ENHANCE YOUR FENGSHUI

According to the principles of feng shui, moving water brings prosperity and good luck to the home. Water fountains and aquariums are great feng shui enhancements because they are at the same time soothing and energizing. The Aquavista 500 offers unlimited creative potential in enhancing good feng shui in the home by blending art with moving water.

FREQUENTLY ASKED QUESTIONS

Q: Is Aquavista 500 patented?

A: Yes. The Aquavista 500 has over 8 patents issued or pending.

Q: Can I put real fish in the Aquavista 500?

A: Yes. The Aquavista 500 is recommended for freshwater tropical fish. See below for some recommended fish selections.

Q: Is the Aquavista 500 easy to set up?

A: The Aquavista 500 is completely preassembled and easy to set up. Take it out of the box, hang, add water and add fish!

Q: How do I hang the Aquavista 500?

A: An easy to mount custom steel bracket is included in the box. Secure the bracket to the studs in the walls and hang the aquarium onto the reinforced hooks. The aquarium will hang flush on the wall.

Q: How much maintenance is required?

A: Maintenance should take less than 15 minutes per month. All key accessories are included such as fish net, algae scraper, water siphon, filter sponge, gravel and bio-balls.

Q: How many fish can I keep in the Aquavista 500 aquarium?

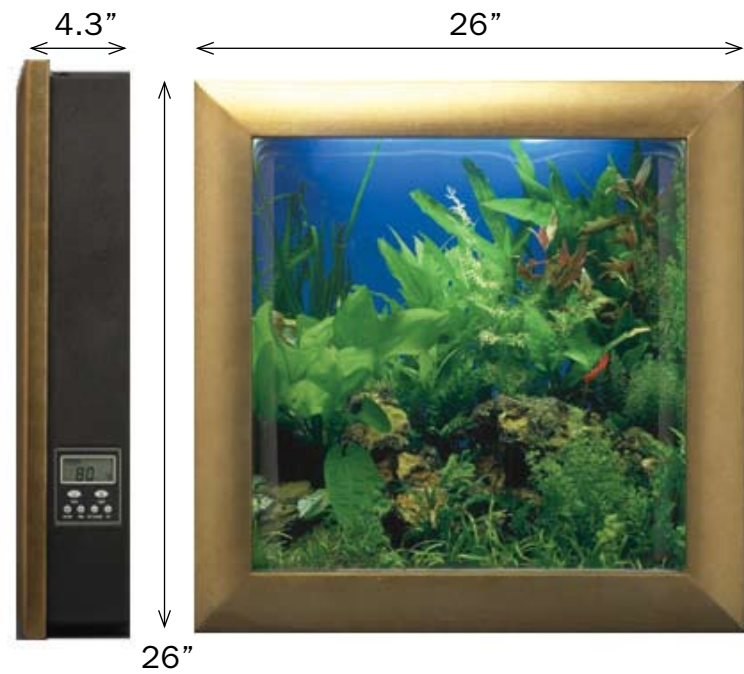

A: The number of fish will depend on the type and size of fish that you choose. The general rule of thumb is 1 inch of fish per gallon. You can generally put between 4 – 8 fishes the aquarium.

Some Recommended Fish

Platys - Tetras - Neons - Silver Dollars - Tiger Barbs - Green Barbs - Gold Barbs - Guppies - Danios - Angel Fish - Algae eating fish (Plecostyamus, Chinese algae eater)
